| 10.11 | Grievance redressal mechanism for faculty, staff & students | <p>The Women's Cell was constituted by the Director on 15 May 2009. The objective of the Cell is 'to maintain congenial working and learning environment for women employees and female students. A chairperson, a convener and four members constitute the Women's Grievance Cell. The first meeting was held on November 5, 2009 to discuss the terms of reference for the Cell, modalities of operation and other related matters. In the meeting it was unanimously declared that the Cell should go beyond its brief of grievance redressal and play a more proactive role towards sensitization of the MIMA community towards gender issues in order to provide a congenial working and learning environment to its women employees and female students respectively. It was decided that this objective would be achieved through organization of seminars and workshops on issues related to women's legal rights, health and empowerment. Since its inception the cell has successfully and amicably resolved two cases maintaining complete confidentiality of the parties involved. The Cell is in the process of creating a poster to announce the <i>Constitution of the Women's Cell</i>. Copies of the poster along with a letter addressed to Heads of Departments will be sent to the various departments. The posters will be displayed prominently at various departments and sections in the Institute.</p> | | |

| 10.18 | Counseling / Mentoring | <p>The broad objective is to provide support to students in settling, adapting and adjusting to the rigors of life in business school and provide opportunities for fruitful academic and social interaction and information exchange through a structured program. Mentoring and counseling is provided under three major heads – i.) Educational or Academic Mentoring ii.) Career Mentoring iii.) Personal Development Mentoring. The methodologies adopted are a) teacher-student mentoring and b) peer mentoring.</p> <p>Peer mentoring is a student led program where regular sessions on career, academic and behavior related issues are arranged for junior students. Senior students or alumni working in Pune facilitate the sessions under the supervision and guidance of the faculty members from the respective departments. Peer mentors provide support, advice, and encouragement to the students and guide them towards academic and social success.</p> <p>The student mentoring and counseling programme at MIMA has helped new students adapt to a new academic environment faster, benefited mentors with the satisfaction of</p> |
